

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Apple	5/24/19	M&A		Tueo Health	Developer of system to helps parents monitor asthma symptoms in sleeping children.	Respiratory
ICT Fund	5/21/19	Series B	\$6.2 mm	Cove IoT	Developer of end to end SMART IoT wearables platform. The company's platform provides wearable tech such as GPS tracking, digital payments and monitoring of health and wellness, enabling their customer to achieve smart technology tools for their needs.	IoT
Scientific Health Development, Norwich Ventures, Rock Health	5/9/19	Series B	\$13.4 mm	Podimetrics	Developer of a remote temperature monitoring mat designed to help prevent diabetic foot ulcers.	Diabetes
Impact Ventures, Octopus Ventures, IPGL	4/2/19	Series B	\$42.0 mm	Elvie	Developer of femiocentric products intended to improve women's lives through smarter technology. The company's product include an app-connected kegal trainer to strengthen pelvic floor using five-minute workouts with real time biofeedback and a silent wearable breast pump, enabling women to improve their health and feel good about their body.	Women & Family
SOSV (SOSVentures), Ben Franklin Technology Partners, Cathexis Holdings	4/1/19	Investment	\$1.8 mm	Strados Labs	Developer of a digital healthcare platform to improve care management and remote patient monitoring.	Respiratory
JDRF T1D Fund, Aphelion Capital, LifeSci Venture Partners	3/28/19	Series A	\$4.75 mm	Biolinq	Provider of a digital health platform intended to develop a pipeline of biomonitoring products. The company's digital health platform develops a a skin-applied, minimally-invasive electrochemical biosensor which analyzes biomarkers in the interstitial fluid to provide actionable health information and continuously monitor multiple biomarkers, enabling patients with diabetes to monitor their blood glucose without the pain and hassle of traditional systems.	Diabetes
Situlus Holdings, eQventure	3/11/19	Investment	\$6.99 mm	FemSense	Developer of sensor systems intended to simplify medical care routines. The company's solution offers a fully integrated and a precise temperature sensor which is embedded in a skin patch and measures the human body temperature over several days, enabling medical companies to reduce the complex actions of temperature tracking at the touch of a button.	Women & Family
Amazon	2/6/19	Investment		Hatch Baby	Developer of smart wireless parenting devices designed to put an innovative and modern twist on traditional parenting tools. The company's wireless parenting devices use patented technology and user-centric design to coordinate with your child's nursery or bedroom, enabling parents to get insight into their babies' growth and health overtime.	Women & Family
Connect America	1/29/19	M&A		Tunstall Americas	Provider of remote health monitoring and response solutions. The company's integrated care platform offers a suite of remote patient monitoring software.	Senior Care

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Coutts Investment Club, Foresight Group	1/24/19	Series A	\$3.52 mm	OvuSense	Developer of medical products intended for the diagnosis and treatment of infertility. The company's medical products work in real time and is capable of predicting ovulation with 89% accuracy and confirming it with 99% accuracy, enabling women to manage their cycles and detect if they have ovulatory issues.	Women & Family
Undisclosed	1/2/19	Series A	\$9.43 mm	CarePredict	The company's platform predicts the onset of health conditions including fall risk, depression, and urinary tract infection (UTI) by continuously monitoring the daily activities and behavior patterns, enabling senior citizens to stay safe and secure in a non-intrusive manner.	Senior Care
MSD Capital	12/3/18	Investment	\$20.0 mm	Oura Health	Provider of a wellness ring designed to track and tell wearers how their body is responding to their daily lifestyle choices. The company's ring tracks human behavior based on pulse rate, respiration rate and other physiological data, enabling users to improve their sleep and overall health.	Women & Family
Hydra Ventures, Floodgate Fund, Abstract Ventures, David Sacks Craft Ventures	11/27/18	Seed	\$2.5 mm	Keyto	Developer of a connected breath sensor and companion app that provides personalized food and lifestyle recommendations based on an individual's physiology.	Respiratory
Argentum	11/1/18	Investment		AdhereTech	Develops a smart pill bottle that enables to know when pills and liquid medication is missed by patients.	Medication Adherence
Mindset Ventures	10/15/18	Investment		Jawbone	Develops noise eliminating Bluetooth headsets and accessories.	Fitness Tracking
Individual Investors, Johnson & Johnson Innovation - JJDC, New York Life Ventures, R7 Partners, Khosla Ventures	10/12/18	Investment	\$25.0 mm	Carrot	Developer of a digital health and wearable technology intended to engage and empower millions of people to quit smoking.	Respiratory
Otsuka	10/11/18	Investment	\$88.0 mm	Proteus Digital Health	A provider of a digital health feedback system for medication adherence using sensor enabled pills and patches.	Medication Adherence
Undisclosed	9/27/18	Investment	\$6.85 mm	PAI Health	Developer of heart rate monitoring and fitness tracker watches designed to track activity fitness level.	Fitness Tracking
DSG Consumer Partners, Edelweiss Ventures, Galaxy Digital Ventures, New Enterprise Associates, Denlow Investment Trust, Mitsui & Co., G-Network, Cheetah Mobile	9/20/18	Series B	\$32.5 mm	GOQii	Developer of a fitness platform designed to offer virtual fitness coaching services. The company's platform develops wearable healthcare devices that help users in tracking sleep and other physical activity, enabling users to connect fitness enthusiasts with the coaches using wearable devices and fitness data.	Fitness Tracking
Philips	9/19/18	M&A		Blue Willow Systems	Developer of wearable and non-wearable sensor devices designed to offer end-to-end senior resident safety services.	Senior Care

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Sofia Capital	9/5/18	Investment	\$1.9 mm	Kenzen	Developer of a health analytics platform intended to predict and prevent avoidable health conditions. The company's wearable vital sign and sweat-analysis system continuously monitors parameters that are needed to detect heat-related injuries.	Biomedical Monitoring
Periscope Equity	8/22/18	Investment		Sentrics	The company is a data-driven hardware, software and services platform to deliver safety, health monitoring and engagement solutions to the senior living industry. It is focussed on improving the quality of care for seniors by capturing, analyzing and rendering permissioned physical, medical, safety and activity data in real-time.	Senior Care
Perceptive Advisors, Ascension Ventures	8/21/18	Series B	\$32.3 mm	Renovia	Developer of a patented sensor technology designed to help individuals suffering from pelvic floor disorders.	Women & Family
Seismic	8/16/18	M&A		LUMO Body Tech	Offers a sensor and mobile application that tracks and corrects poor neck and upper body postures. Its product LUMOback consists of a sensor and a mobile application to track the user's movements wirelessly and gives feedback through an iPhone, iPod touch, or iPad application.	Physiology
Best Buy	8/15/18	M&A	\$800.0 mm	GreatCall	Provides mobile health and safety solutions for older adults and their family caregivers. The company offers GreatCall Splash, a personal emergency response system; Jitterbug5, a medical alert cell phone that provides access to health and safety experts; and Jitterbug Touch3, which provides health and safety applications and services.	Senior Care
Mercia Technologies, Catapult Ventures Group	8/15/18	Investment		Rinicare	Developer of a remote monitoring and prediction technologies to improve patient care. The company offers healthcare products based on wireless communications, predictive algorithms, artificial intelligence (AI), computer vision, IoT and big data.	IoT
Undisclosed	8/14/18	Series C	\$23.87 mm	InfoBionic	A cloud-based SaaS service and wireless remote patient monitoring platform.	Biomedical Monitoring
Principia SGR	8/6/18	Investment	\$8.17 mm	ComfTech	Developer of sensorized garments designed to enable continuous non-intrusive monitoring of biomedical parameters.	IoT
MMC Ventures, Accelerated Digital Ventures	7/26/18	Seed	\$8.0 mm	Snap40	Based in the UK, Snap40 is an automated risk analysis platform and continuous wearable providing vital sign monitoring to allow health services to identify patients at high risk of becoming sick in the hospital.	Biomedical Monitoring
Norwest Equity Partners	6/30/18	Investment		Wahoo Fitness	The company's product line includes bike computers, heart rate monitors, running sensors and smart phone applications for leveraging workout data, enabling the athletes to consistently improve the way they train and perform.	Fitness Tracking

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Shareholder Value Management, Undisclosed	6/26/18	Investment	\$30.0 mm	Nuvo Group	Developer of a pregnancy management platform designed to optimize pregnancy healthcare. The company's product encapsulates artificial intelligence, big data, and machine learning in wearable devices specifically designed for remote monitoring, enabling patients to better connect, monitor, and bond with their child during pregnancy.	Women & Family
Angel Investors, Bpifrance, Johnson & Johnson, MAIF	6/26/18	Investment	\$36.69 mm	Dreem	Developer of a sleep tracking technology product designed to enhance sleep. The company's machine headband automatically analyzes person's sleep stages in real-time, it processes the data on database with sophisticated machine learning algorithms to provide personalized metrics and AI powered tips that constantly evolve based on the person's sleeping habits.	Sleep
Pilot Mountain Ventures, Primary Venture Partners, CrossLink Capital	6/12/18	Seed	\$6.34 mm	Kinetic	Developer of an industrial wearable health and safety device designed to reduce musculoskeletal injuries of industrial workers.	Physiology
Undisclosed	6/1/18	Private Debt	\$1.48 mm	PeerBridge Health	Developer of a wearable vital sign monitoring technology designed to connect patients and consumers to leading wellness professionals.	Biomedical Monitoring
IrishAngel Investors, KOFA Healthcare, Angel Investors	5/16/18	Investment	\$3.4 mm	Caretaker Medical	Operator of a wireless medical device firm intended to focus on developing affordable, innovative patient monitoring equipments. The company's CareTaker4 facilitates uninterrupted wire-free and electrode-free real-time vital signs monitoring throughout the full continuum of care, from clinic and hospital, to patient transport and home monitoring after discharge, enabling patients to improve outcomes, increase clinician productivity and maximize compliance without compromising on their comfort.	Biomedical Monitoring
Broadway Angel Investors, Eclipse Ventures, Enfield Ventures, Pelion Venture Partners, Trilogy Equity Partners	5/8/18	Series B	\$24.0 mm	Owlet Baby Care	Maker of a baby monitor that includes heart rate and oxygen level measurements.	Women & Family
Koninklijke Philips NV	5/8/18	M&A		NightBalance	A digital health scale-up company based in the Netherlands, that has developed an innovative, easy to use device to treat positional obstructive sleep apnea and positional snoring.	Sleep
Band of Angel Investors, Ammunition Design Group, 8VC, ChinaRock Capital Management, Oakhouse Partners, Angel Investors, WTI, Kairos Ventures Partners, Lee Equity, City Light Capital, Lodestar Ventures, Correlation Ventures	5/2/18	Seed	\$10.0 mm	iBeat	Maker of a heart-monitoring smartwatch.	Fitness Tracking

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Angel Investors	5/2/18	Divestiture		Nokia Digital Health	Developer of digital health and wellness smart devices, including a fitness watch, enabling users to measure their heart rate.	Fitness Tracking
Undisclosed	4/27/18	Series B	\$1.0 mm	Socrates Health Solutions	Provides self-monitoring blood glucose monitors for pain-free glucose reading.	Diabetes
West Coast VCs Bio Innovation Capital, Mission Bay Capital	4/17/18	Series A	\$4.2 mm	Graphwear Technologies	Provider of non-invasive sensors that monitor dehydration, glucose, and fat-loss through sweat and breath created to help in workouts.	Fitness Tracking
Nordic Eye Venture Capital, Hidden Harbor Capital Partners, Y Combinator, Yunqi Partners	4/12/18	Investment	\$9.93 mm	Bellabeat	Developer of health tracking devices designed to empower women to track and improve their health. The company's product offers sleep, activity and reproductive health monitoring which helps to cope with stress through built-in breathing exercises.	Women & Family
SleepScore Labs	4/11/18	M&A		Sleep.ai	Developer of a wearable device and application created to diagnose and monitor sleeping disorders.	Sleep
Australian Federal Government's Biomedical Translation Fund (BTF)	4/11/18	Investment	\$7.7 mm	Global Kinetics	Developer of an FDA-cleared wearable smartwatch for Parkinson's disease patients.	Physiology
Undisclosed	4/9/18	Investment	\$5.79 mm	OneDrop	Developer of a digital diabetes care and self-management platform designed to analyse and monitor diabetes.	Diabetes
Khosla Ventures, The Founders Fund, DCM Ventures	3/28/18	Seed	\$3.4 mm	Siren Care	Develops wearable technology for diabetic health tracking.	Diabetes
Hudson Bay Capital Management	3/15/18	Investment	\$30.0 mm	BewellConnect	Creator of wireless, medical-grade, connected health devices that monitor heart failure patients.	Fitness Tracking
Y Combinator, Yunqi Partners, Khosla Ventures	3/8/18	Series B	\$14.0 mm	Eight Sleep	Offers a smart mattress cover that manages the temperature of bed and optimizes it on the basis of sleep.	Sleep
Chartered Investment Managers Pte Ltd	3/8/18	Series B	\$20.0 mm	ContinUse Biometrics	Develops bio-sensing contactless sensor platform that monitors heart and respiratory rate, blood flow dynamics, and muscle activity.	Biomedical Monitoring
Kleiner Perkins Caufield & Byers, Argonautic Ventures, Dolby Family Ventures	2/22/18	Series A	\$8.18 mm	Motiv Ring	Develops a wearable fitness device that uses health sensors to track fitness and other health information including body temperature and oxygen levels.	Fitness Tracking
MINDBODY	2/20/18	M&A	\$15.3 mm	FitMetrix	Develops and provides software technology for real-time tracking of effort put by wellness seekers.	Fitness Tracking
SB China Venture Capital, Advanced Power Electronics Corporation	2/9/18	Series C	\$20.0 mm	Codoon	A developer of wearable devices, including a wristband, a second generation bracelet, step counter, Bluetooth body scale, Codoon Candy and Codoon Smile. Based in China.	Fitness Tracking
SOSV (SOSVentures)	2/2/18	Investment		HAX	Developer of a sensor to monitor erectile dysfunction.	Men's Health
Gilde Healthcare Partners, GIMV NV, Lightstone Ventures, Medtronic, New Enterprise Associates, Seventure Partners	1/30/18	Series C	\$49.56 mm	FIRE1	A connected medical device solutions company dedicated to improving outcomes for people suffering with chronic diseases. Its first product is a novel remote monitoring solution to improve outcomes for Heart Failure patients.	Biomedical Monitoring
Undisclosed	1/12/18	IPO	\$110.0 mm	Huami	Chinese maker of a smart wearable device that tracks biomechanical signals and daily activities.	Fitness Tracking

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Fitbit	1/5/18	Investment	\$6.0 mm	Sano Intelligence	Designs and develops mobile health monitoring product including a wearable sensor patch that can read and transmit blood chemistry data to smart phones.	Biomedical Monitoring
Breed Reply, Sanner Ventures	12/18/17	Investment		Amiko Digital Health Limited	Developer of advanced medication sensor technologies and AI-powered digital health tools.	Medication Adherence
IP Group plc	12/5/17	Investment	\$4.04 mm	Oxehealth	Based in UK, provides software that can be used with a webcam to track patients' pulse, breathing rate, and oxygen saturation.	Senior Care
Undisclosed	11/15/17	Follow-On	\$10.4 mm	G Medical Innovations Holdings Limited	Focuses on developing mobile health technologies. It intends to offer mobile and e-health solutions and services through its suite of devices and software solutions.	Biomedical Monitoring
Weiyi Group	11/13/17	Series A	\$31.6 mm	Halove	Manufactures smart phones, visual reality headset, and wearable devices for elderly. Its healthcare platform offers 24-hour emergency rescue systems, online private doctor, and health index monitoring.	Senior Care
Nissay Capital Co., Hon Hai Precision Industry Co	11/5/17	Series B	\$4.37 mm	Triple W Japan Co.	Develops wearable healthcare devices. The company develops Dfree, a toilet timing predicting device.	Senior Care
Angel Investors, 20 North Street	11/1/17	Investment	\$2.5 mm	Coala Life	Developer of a remote heart monitoring and self-screening tool that analyzes the organ's sound and ECG.	Biomedical Monitoring
Gedeon Richter	10/31/17	Investment	\$5.0 mm	Prima-Temp	Offers Priya, an internal sensor that identifies the subtle temperature changes that occur prior to ovulation and sends an alert to smart phone when the user is most fertile.	Women & Family
General Public	10/30/17	Investment	\$1.86 mm	Kokoon Technology	Developer of sleep sensing headphones.	Sleep
LanzaTech Ventures	10/17/17	Series A	\$8.1 mm	Bloomlife	Developed a sensor that can measure specific health parameters for a mother and child from conception through birth.	Women & Family
IDInvest Partners, Seventure Partners, Kurma Partners, Hax Accelerator, Partech Ventures	10/4/17	Series A	\$2.29 mm	FeetMe	Creates smart, connected insoles.	Fitness Tracking
Undisclosed	9/22/17	Investment	\$2.5 mm	Cerebra Health	A digital health-tech company focused on the diagnosis of sleep disorders.	Sleep
Murata Electronics	9/22/17	M&A	\$101.72 mm	Vios Medical	Developed a chest sensor that can measure heart and respiratory rates and run electrocardiograms, etc. It also develops and provides software, cloud services, etc. to monitor them.	Biomedical Monitoring
IDInvest Partners, Bpifrance, LBO France	9/20/17	Series A	\$18.0 mm	BioSerenity	Provider of a wireless smart-clothing ECG monitoring system for epilepsy, cardiology, urology, sleep disorders, and pregnancy monitoring.	Physiology
Undisclosed	9/19/17	Investment	\$3.59 mm	LifeSense Group	Designs, manufactures, and sells wearable solutions for urine loss and stress incontinence in women.	Women & Family
Catapult Ventures Group, GM&C Life Sciences Fund	9/18/17	Investment		eLucid mHealth	Provides a real-time remote monitoring tool for non-adherence of clinical trials.	Clinical Trials
EQT Ventures	9/5/17	Series A	\$6.08 mm	Aifloo	Developer of a smart wristband to help care for the elderly.	Senior Care

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Speedinvest, Angel Investors	8/31/17	Investment		Playbrush	Developer of connected toothbrush devices that enable parents to follow their kids' brushing with real-time feedback on tablets and smartphones.	Women & Family
Samsung Venture Investment Corporation, Maxim Ventures	8/17/17	Series A	\$6.75 mm	LVL Technologies	Focused on building health and fitness wearables that track an additional metric that most market incumbents don't: hydration.	Fitness Tracking
UltraLinq Healthcare	8/3/17	M&A		Intelesens	Develops and manufactures wireless vital signs monitoring devices for use primarily in remote patient monitoring and personal telehealth applications.	Biomedical Monitoring
Hubble Connected	8/2/17	M&A		Kaishi	Maker of a women's wellness and fetal heartbeat listening device.	Women & Family
Bose Corporation, Allied Minds, Riot Ventures	7/26/17	Series A	\$2.5 mm	Signature Medical	Develops a wearable product focused on heart failure evaluation and monitoring to improve patient outcomes while preventing hospital readmissions.	Biomedical Monitoring
GF Securities Co., LionBird, Quark Venture, Global Health Sciences Venture Fund, 4490 Ventures	7/25/17	Series B	\$8.0 mm	PhysIQ	Offers Vitalink, a remote patient monitoring and predictive analytics interface that provides clinicians with new insight into the status of their chronically ill patients in an ambulatory setting.	Biomedical Monitoring
Undisclosed	7/23/17	Investment	\$4.07 mm	Motiv Ring	Develops a wearable fitness device that uses health sensors to track fitness and other health information including body temperature and oxygen levels.	Fitness Tracking
Business Angel Co Investment Fund, techstart NI, Beltrae Partners	7/19/17	Seed	\$1.43 mm	Modius Health	Manufactures neuroscience, bioscience, and neurophysiology based medical devices, including electronic headsets used to tackle obesity.	Cognitive Health
Kacero Holding, TEDCO Capital Partners, The Abell Foundation	7/17/17	Seed	\$1.5 mm	Vixiar Medical	A developer of hand-held non-invasive devices and systems for monitoring cardiopulmonary diseases.	Biomedical Monitoring
STMicroelectronics NV, Swiss Re, Harmony Medical	7/6/17	Series A	\$13.45 mm	Biovotion	A developer of wearable sensing technology, that allows for medical-quality Vital Sign Monitoring (VSM) in daily life. Based in Switzerland.	Biomedical Monitoring
HEAL (Health Alliance), HDD Group	7/4/17	Investment		Activio	A world-leading player in Fitness Tech and one of the pioneers and specialist in group heart rate transmission and monitoring systems within fitness and professional athletic training, focusing on global health and human well being.	Fitness Tracking
Happiness Ventures, Angel Investors	6/28/17	Series A	\$4.0 mm	Cocoon Cam	Developer of an intelligent baby breathing video monitor.	Women & Family
NRI Startup India	6/24/17	Series A	\$5.12 mm	HUG Innovations	Develops electronic wearable products. The company develops a smartwatch that helps track fitness, health, call, notifications, calendar, and quick access.	Fitness Tracking
Angel Investors, MAIF	6/15/17	Investment	\$22.0 mm	Rythm	Offers a tech-infused headset it claims improves sleep quality.	Sleep
OVO Fund, Think+, Grove Ventures, StartX	6/14/17	Series A	\$5.5 mm	Spry Health	Leader in health management technologies and remote patient monitoring.	Fitness Tracking
The Scottish investment Bank, Deepbridge Capital	5/25/17	Investment	\$1.56 mm	Metix Limited	Manufactures patient monitoring devices.	Biomedical Monitoring
Baxter Ventures, MVM Life Science Partners	5/19/17	Series C	\$38.09 mm	Vital Connect	A provider of wireless and wearable biosensors that capture clinical-grade biometric measurements.	Biomedical Monitoring

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Apple	5/8/17	M&A		Beddit.com	A smart bed sensor that is placed under the mattress topper and linked to an online service, which tracks user's sleep, wellbeing, and health.	Sleep
Fenox Venture Capital, Ideo, The Core Group	5/4/17	Series A	\$3.0 mm	TuringSense	Develops wearable sports technology.	Fitness Tracking
The Founders Fund, SOSV (SOSVentures), Maveron	4/24/17	Seed	\$1.3 mm	Sana Health	Develops a sleep mask for people with severe sleep problems caused by high anxiety or pain.	Sleep
Kickstarter	4/21/17	Investment	\$3.0 mm	MyKronoz	Swiss Developer of a wearable smartwatch.	Fitness Tracking
Angel Investors	4/14/17	Investment	\$5.0 mm	LifeFuels	A health technology company, provides LifeFuels Smart Nutrition Bottle that simplifies nutrition and hydration management by dispensing the products that the user needs to live a healthier life. The company's LifeFuels Smart Nutrition Bottle reminds users when to hydrate or take their daily multi-vitamins; and infuses water with a pre-measured dose of nutritious supplements transforming it into a flavored and boosted beverage through FuelPods packages.	Fitness Tracking
Angel Investors, Van Herk Ventures, KPN Ventures	4/11/17	Investment	\$4.07 mm	Sensara Smart Monitoring Solutions	A producer of intelligent senior lifestyle monitoring for preventive care and personalised alarm services, based on movement sensors and self-learning algorithms.	Senior Care
BioTelemetry	4/9/17	M&A	\$274.68 mm	LifeWatch AG	Provides digital health systems and wireless remote diagnostic patient monitoring services in the United States, Canada, Europe, and Asia.	Biomedical Monitoring
Angel Investors	4/4/17	Seed	\$3.4 mm	Palarum	Plans to offer an integrated solution that monitors patient movement through the use of a patented smart textile fabric enhanced with various IoT (Internet of Things) technologies.	IoT
Spiltan	3/30/17	Seed	\$2.1 mm	NuvoAir	Developer of a smartphone-connected spirometer, Air Smart, to measure lung health.	Respiratory
Tsuneishi Capital Partners, Energy & Environment Investment, Mitsubishi Research Institute	3/21/17	Series A	\$2.7 mm	Moff	Wearable gamification platform which turns fitness and rehabilitation activities into fun activities.	Fitness Tracking
BOE Technology	3/6/17	Investment	\$50.0 mm	Cnoga Medical	Develops non-invasive connected medical devices for personal use. The company offers dual non-invasive and invasive glucose monitors; continuous pulse rate, blood pressure, and SpO2 monitoring devices; customizable medical monitoring devices; PC viewers; lancets; lancing devices; and test strips.	Biomedical Monitoring
NRW.Bank, Seventure Partners, KPN Ventures, High-Tech Gründerfonds Management	1/23/17	Series B	\$5.37 mm	CardioSecur	Provides handheld 12-lead-ECG device for home monitoring for cardiovascular diseases and analyzing ischemic changes and arrhythmia.	Biomedical Monitoring
Fitbit	1/10/17	M&A	\$15.0 mm	Vector Watch	Designs and develops wearable technology to simplify lifestyles. It manufactures and markets smart watches with 30 day battery life.	Fitness Tracking
Shijiazhuang Yiling Pharmaceuticals	1/3/17	Investment	\$20.0 mm	HealthWatch Technologies	Develops smart garments that monitor the wearer for ECG and other vital signs and sends that information in real time by smartphone.	Biomedical Monitoring

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Invitalia Ventures	12/29/16	Investment		Empatica	Develops wearable medical sensor devices based on human data analytics.	Physiology
Kleiner Perkins Caufield & Byers, GSR Ventures, FirstMark Capital	12/23/16	Series B	\$17.0 mm	Kinsa	Maker of the FDA-cleared smartphone-connected thermometer and health tracking app.	Women & Family
Undisclosed	12/21/16	Series A	\$7.6 mm	FootBeat	Develops a micro-mobile engine that provides cyclic thrusting pressure to the foot capillary bed at the plantar venous plexus.	Physiology
GreatCall	12/20/16	M&A		Healthsense	Provider of passive remote monitoring services for the senior care market.	Senior Care
Wandai Capital, Han Tan Capital, Boston Angel Club	12/14/16	Series A	\$5.5 mm	BrainCo	Develops brain machine interface wearables that help people to improve their attention level and working efficiency.	Cognitive Health
Shiseido Venture Partners	12/9/16	Investment		Dricos Co.	Develops health monitoring device under the name healthServer that analyzes activities and recommends customized nutrient requirements.	Fitness Tracking
PrincetonBioPharma Capital Partners, PCOM Innovation Fund, Key Safety Systems, Generator Fund, Leading Edge Ventures	11/22/16	Seed	\$2.6 mm	Tango	Developer of a smart wearable airbag for seniors that automatically deploys over the hip when a fall is detected.	Senior Care
Global Sources, Blue Ocean Ventures, Polytech Ecosystem Ventures, ZKB	11/15/16	Series A	\$9.7 mm	AVA	Maker of a fertility tracking sensor bracelet.	Women & Family
RTP Ventures, Wonder Ventures, Techstars Ventures	11/15/16	Seed	\$5.0 mm	Stasis Labs	Cloud-powered health monitoring company to enable continuous monitoring of vitals for all hospitalized patients.	Biomedical Monitoring
ABM Capital	11/9/16	Buyout	\$2,126.51 mm	Fitbit	Provides wearable health and fitness tracking devices.	Fitness Tracking
AH Bio Fund, Homebrew Management, Andreessen Horowitz	10/20/16	Seed	\$2.0 mm	Cardiogram	Develops a wearable device to monitor and predict heart rate issues.	Biomedical Monitoring
Mangrove Capital, BOE Technology	10/19/16	Series B	\$12.0 mm	Moov	Developer of AI-enabled fitness wearables.	Fitness Tracking
Hydra Ventures	10/18/16	Series B	\$14.48 mm	Mio Global	Provider of fitness wearables to empower consumers with the data and insights to improve their training and health.	Fitness Tracking
Fireside Ventures, Gaja Capital Partners, Jungle Ventures, Biosensors International Group	10/17/16	Seed	\$2.0 mm	Kiddo	Develops wearable tracking health and wellness metrics for kids.	Women & Family
Starta Accelerator	10/14/16	Investment	\$6.5 mm	HealBe	Develops a calorie tracking wearable.	Fitness Tracking
CincyTech Fund IV	10/5/16	Investment	\$5.5 mm	Eccrine Systems	Commercializing wearable sweat-sensing technology developed at the University of Cincinnati and the Air Force Research Labs at Wright Patterson Air Force Base.	Biomedical Monitoring
Undisclosed	9/23/16	IPO	\$107.0 mm	iRhythm Technologies	A digital healthcare company that focuses on the provision of ambulatory electrocardiogram monitoring for patients at risk for arrhythmias in the United States.	Biomedical Monitoring
HuUndisclosed China Sun Pharmaceutical Machinery	8/18/16	Series A	\$2.0 mm	Glucovation	Developer of novel Continuous Glucose Monitoring Systems with an emphasis on metabolic sensor technologies.	Diabetes
Act One Ventures, Kapor Capital, The Chernin Group, Hanmi IT, MeusInvest, LanzaTech Ventures, Efficient Capacity, Marc Benioff	8/17/16	Seed	\$4.0 mm	Bloomlife	Developed a sensor that can measure specific health parameters for a mother and child from conception through birth.	Women & Family

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
TransLink Capital, UMC Capital	5/24/16	Investment	\$5.0 mm	Sensifree	Develops contactless sensors for wearables.	Biomedical Monitoring
Upfront Ventures, Uncork Ventures (fka SoftTech VC), SKVentures, Lemnos Labs, Foundry Group	3/31/16	Investment	\$9.54 mm	Nima Labs	Offers a portable gluten sensor which allows people to test and trace amounts of gluten in samples of food.	Diabetes
Wellborn Ventures, TriVentures, Square Peg Capital, Atomic 14 Ventures, Cerca Partners	3/24/16	Series A	\$16.0 mm	LifeBEAM Technologies	A wearable technology company that develops and manufactures wearable instruments for measuring human physiology and providing actionable insights.	Physiology
GII TECH, Gulf Islamic Investments, TDF Ventures, WSJ Joshua Fund	3/4/16	Investment	\$11.0 mm	Valencell	Develops mobile health and a biometric fitness monitoring technology.	Fitness Tracking
UPMC, LabCorp, Envision Healthcare	2/12/16	Investment	\$15.0 mm	Vivify Health	Offers a home-based remote monitoring solution that connects health care providers with patients in their homes.	Biomedical Monitoring
Mattel	1/29/16	M&A		Sproutling	Offers sensor system designed to wrap around a baby's ankle to monitor signs through parent's mobile device.	Women & Family
Lightstone Ventures, Lux Capital Management, Johnson & Johnson Innovation - JJDC	1/29/16	Investment	\$18.0 mm	Cala Health	Offers portable medical devices with sensors to monitor the physical movement of a patient wearing or carrying the device.	Physiology
Undisclosed	1/13/16	Follow-On	\$45.03 mm	Senseonics Holdings	Provider of glucose monitoring devices.	Diabetes
Peppermint Venture Partners, Investitionsbank des Landes Brandenburg, Robert Bosch Venture Capital	1/4/16	Investment	\$3.1 mm	Emperra E-Health Technologies	Develops GSM and web based Tele-medical products for tracking, monitoring, and transmission of diagnostic and therapeutic data of diabetic patients.	Diabetes
Undisclosed	12/21/15	Series D	\$20.0 mm	GlySens	A biomedical technology company which develops glucose monitoring devices to help treat and manage diabetes.	Diabetes
iSG Investment Works, Draper Nexus Venture Partners	12/9/15	Investment		SYMAX	Offers a sensor device for early detection of diseases and illnesses that attaches to Western-style toilets and tells users their health condition by analyzing their urine on a daily basis.	IoT
Felix Capital Partners, DCM, The Social+Capital Partnership, MAS Holdings Limited, Lightspeed Venture Partners, True Ventures	11/18/15	Series C	\$35.0 mm	Athos Works	Provides wearable apparel products that can track a user's muscle output, heart rate, and breathing rate.	Fitness Tracking
Fossil Group	11/12/15	M&A	\$250.0 mm	Misfit Wearables	Manufactures wearable computing products in the consumer wellness and fitness device space.	Fitness Tracking
Dynamic Health Strategies	10/12/15	M&A		DHS Group	An online health and wellness platform that leverages wearables technology.	Fitness Tracking
Teva Pharmaceutical Industries	9/25/15	M&A		Gecko Health Innovations	Provides CareTRx, a cloud-based solution to simplify chronic respiratory disease management, and connect patients and caregivers through remote monitoring and real-time tools.	Respiratory
Tencent Holdings, Ping An Ventures	9/23/15	Investment	\$5.0 mm	CliniCloud	Develops a connected medical kit that enables users to monitor fever, chill, cough, wheeze, or cold.	Women & Family
Granite Ventures, Soda Rock Partners, Kleiner Perkins Caufield & Byers	9/1/15	Series A	\$9.27 mm	Motiv Ring	Develops a wearable fitness device that uses health sensors to track fitness and other health information including body temperature and oxygen levels.	Fitness Tracking
Patho Capital	8/26/15	Investment	\$5.0 mm	ReliefBand	Maker of a wearable device for the drug-free treatment of nausea.	Cognitive Health

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Undisclosed	8/4/15	Investment	\$12.55 mm	Senseonics	Offers glucose monitoring products for people with diabetes.	Diabetes
Boston Scientific Corporation	8/3/15	Investment		Preventice	Develops mobile health applications and patient monitoring systems that connect mobile, home-based, and on-premise technologies for continuous patient care.	Biomedical Monitoring
Maxim Ventures, CTW Venture Partners, Monta Vista Capital	7/28/15	Series A	\$6.0 mm	Sarvint Technologies	Develops smart garment wearables to save and improve lives.	Biomedical Monitoring
3E Bioventures, 360 Capital, Asset Management Ventures	6/18/15	Investment	\$17.0 mm	Profusa	Offers biofeedback for chronic disease management and healthy living; and monitoring of real-time body chemistries.	Biomedical Monitoring
Catamaran Ventures (UK) Limited, Catapult Ventures Group, Wren Capital, Nottingham University, East Midlands Business Angel Investors, London Business Angel Investors, New Hill Management, Origin Capital	1/30/15	Investment	\$3.04 mm	Monica Healthcare	UK-based developer of miniature wireless technology to monitor the well-being of expectant mothers and their fetuses.	Women & Family
Undisclosed	12/12/14	Investment	\$3.5 mm	Bam Labs	Provides touchless health monitoring services for caregivers to reduce falls, monitor heart and breathing rate, reduce bedsores, and manage chronic diseases.	Senior Care
Investinor AS, Alliance Venture, Sparebank 1 SMN Invest AS	12/3/14	Series A	\$12.0 mm	Novelda	A developer and manufacturer of smart sensors to detect movement and human body vital signs such as breathing and heart rate from a distance of several meters.	Sleep
The Founders Fund, JD.com, Norwest Venture Partners, GGV Capital, Shunwei Fund, Khosla Ventures, Beijing Xiaomi Technology Co., Horizons Ventures	12/2/14	Series C	\$40.0 mm	Misfit Wearables	Manufactures wearable computing products in the consumer wellness and fitness device space.	Fitness Tracking
SB China Venture Capital, SIG Asia Investments	11/5/14	Series B	\$30.0 mm	Codoon	A developer of wearable devices, including a wristband, a second generatio bracelet, step counter, Bluetooth body scale, Codoon Candy and Codoon Smile. Based in China.	Fitness Tracking
NGK Spark Plug	10/23/14	Series B	\$8.88 mm	SpiroSure	Products include Fenomy, a hand-held personal breath monitor that provides exhaled nitric oxide information to the individual asthma patient; and Fenom, an investigational product that facilitates the diagnosis and management of airway inflammation (asthma) in the physician's office.	Respiratory
Stonebridge Capital Company	8/27/14	Investment	\$3.5 mm	Ybrain	A brain signal based wearable device company which manufactures neuroscience technology based wearable devices for Alzheimer's and mild cognitive impairment patients.	Cognitive Health
Preventice	8/22/14	M&A		eCardio Diagnostics	Provides remote cardiac monitoring products and services for arrhythmia diagnosis.	Biomedical Monitoring

Buyer / Investor	Date	Type	DealSize	Target	Short Description	Category
Uncork Ventures, Xandex Investments, Upfront Ventures, SK Ventures, Lemnos Labs	8/19/14	Seed	\$4.0 mm	6SensorLabs	Offers a portable gluten sensor which allows people to test and trace amounts of gluten in samples of food. In addition, it develops a mobile and online network to enable people to share their test results with a community of allergy sufferers.	Diabetes
Reply S.p.A	7/17/14	Series A	\$5.0 mm	Sensoria	Offers wearable fitness trackers in the form of socks.	Fitness Tracking
Medtronic	6/9/14	M&A	\$131.0 mm	Corventis	Designs and develops wireless cardiovascular and cardiac monitoring solutions.	Biomedical Monitoring
CRB Inverbio SGEGR SA, Fides Capital, Caixa Capital Risc	5/26/14	Investment	\$4.1 mm	Nuubo	Sells wearable, wireless medical equipment for cardiac prevention, diagnosis, and rehabilitation.	Biomedical Monitoring
Covidien	5/5/14	M&A		Zephyr Technology	Developer of real-time physiological monitoring solutions for well-being applications in healthcare.	Physiology
AirStrip Technologies	3/27/14	M&A		Sense4Baby	Develops and provides a wireless fetal monitor which could be used to monitor high-risk pregnancies in remote clinics.	Women & Family
Individual Investors	3/18/14	Investment	\$4.25 mm	SenseLabs	Engages in the development of BrainBank personal sensors that work to quantify the mental aspects of performance, such as focus, decision speed, and reaction time.	Cognitive Health
Legend Capital, Bertelsmann SE & Co., Cherubic Ventures, GGV Capital	12/31/13	Investment	\$15.0 mm	Zepp Labs	Provides wearable sports technology products for baseball, golf, and tennis players.	Fitness Tracking
Telecom Digital Ventures	11/25/13	Investment	\$5.0 mm	jupl	A developer of healthcare biometric monitoring hardware, software and cloud based platforms.	Senior Care
The Experiment Fund	11/7/13	Investment	\$1.3 mm	Rest Devices	Offers Mimo, an organic cotton body suit for babies that is fitted with non-contact machine washable sensors that allow parents to check infant's respiration, skin temperature, body position, and activity level.	Women & Family
SoftBank Capital	11/4/13	Investment		NeuroSky	Develops bio-sensor headsets that digitize brainwave signals to power the user-interface of games, computers, and investigative medical applications.	Cognitive Health
Rock Health	9/18/13	Investment	\$1.0 mm	Liftware	Offers Lift Pulse, a tremor measurement and monitoring application that measures tremor using the sensors in smart phone; and Lift Stride, an application for Parkinson's disease to discreetly help prevent shuffling and keep a steady pace when walking.	Physiology
Mobile Help	9/4/12	M&A		Halo Monitoring	Provider of home healthcare monitoring technology for seniors.	Senior Care
California Capital Equity	2/10/11	Investment	\$2.06 mm	Frontier Smart Technologies	Developer of low cost, ultra-low power wireless technologies for a number of verticals including medical monitoring and internet-connected consumer devices.	IoT
